Outlook Web Access Instructions

Sending New E-Mail Messages

- Click "New" button to construct a new e-mail message.
- For sending e-mail to individuals outside the School System e-mail directory, simply enter the e-mail address of the recipient into the "To" field. After constructing your e-mail message, click "Send". Your message will be viewable in the Sent Mail folder.
- You may also send messages directly from your "Contacts" folder.
- For sending mail to individuals within the School System e-mail directory you can, of course, enter the full @capecharterschools.org address. However there is a simple shortcut available by simply entering part of the name – e.g. the first name & clicking on the "Check Names" button which will then return the full e-mail address.
